

Take a moment...

Enjoy the spirit of Tahe Kayaks.

Centuries ago nature inspired people to create kayaks, providing the necessary materials and skills. By now the need for a kayak on a hunt has transformed into a need to be closer to nature and to oneself. Our experienced masters use centuries-old values to create kayaks that allow person to catch the wonder of nature. We command the most recent technologies and materials.

WIND 505 is a new 2008 design. It is a fast and stable cruiser, packed into a compact and beautiful form. Slim body with small amount of rocker is the key to good acceleration and cruising-speed. SmartTrack footrest and steering system used on this kayak is considered to be one of the best on the market. Due to its size and shape, Wind 505 is a perfect choice for lake-riding. But let us tell you a secret – this kayak is capable of much more.

LENGTH 505 cm (16'5")
